YAMAHA MOTORCYCLES & SCOOTERS
A MACHINE YOU CAN TRUST!

JKalachand

Yamaha's Most Advanced Small-Engine Technology

MORE POWER

LESS FUEL

SUPERIOR RIDE

EMISSION SYSTEM

20% - 30% MORE MILEAGE

The ideal behind all "BLUE CORE" engines is "Fun & Eco!"

After all, if it's not fun, it's not a Yamaha.

These engines are developed not only to achieve high fuel efficiency, but also to deliver the fun-to-ride performance we want all Yamaha customers to enjoy.

"BLUE CORE" engines are our answer to what an eco-friendly Yamaha engine should be, and they are products of Yamaha "Sports DNA" and over 60 years of our unwavering Yamaha Monozukuri spirit of craftsmanship.*

*The concept of MONOZUKURI historically refers to a work ethic based on deep knowledge, multiple skills and a lot of passion. It is accompanied by a strong ambition to achieve perfection, an aspiration that is highly recognised in Japan.

The Yamaha Blue Core - Essential Factors

- Improved combustion efficiency
- Reducing mechanical and power loss
 - Increasing cooling efficiency
- Ensuring maximum utilisation of every drop of fuel
 - More power

CORE
MORE POWER. LESS FUEL

Revs Your Heart

The "Next-Gen" scooter!

Model: XC115BD

Engine Type	Air Cooled, 4 Stroke Single Cylinder
Max Power	5.2kW @ 7500 rpm
Fuel System	Carburetor
Fuel Control	SOHC & 2-valve
Ignition	CDI
Starter	Kick/Electric
Transmission	Automatic V-belt
Front Tyre	90/100-10 53J (Tubeless)
Rear Tyre	90/100-10 53J (Tubeless)
Front Brake	Disc
Rear Brake	Drum

113 cc

5L Fuel Tank Capacity

104 kg Wet Weight

GUARANTEE: 24000 Kms or 2 Years (whichever comes first)

Color Available: White Red, Cyan Blue, Blue Black

Parts & Accessories

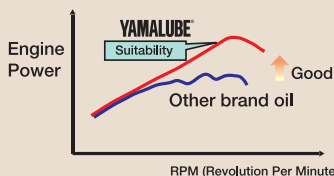

KEEPING HIGH ENGINE POWER !

MOTORCYCLE 2 STROKE OIL :

- Reduces air pollution.
- Reduces engine deposits and keep the engine clean.
- Improves the throttle response.
- Reduces engine wear.
- Keeps spark plug clean.
- Ensures quick acceleration.

YAMALUBE ENGINE POWER

Comparison chart of engine power curve

*When it comes to Yamaha it's all about the engine.
And when it comes to the engine, it's all about performance. Choose oil and care products specifically formulated to enhance the performance of your engine.*

BENEFITS OF YAMALUBE OIL Less Smoke ! Less Carbon !

YAMALUBE OIL

NORMAL OIL

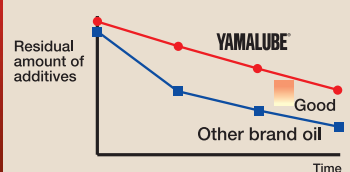

MOTORCYCLE 4 STROKE OIL :

- Resist oxidation and corrosion.
- Reduces engine deposits and keep the engine clean.
- Enables smooth clutch operation.
- Longer engine life.
- Ensures maximum gear protection.
- Shears stable viscosity.
